

MIRA SEN

Frontend Developer

mira.sen@example.test
+91 90000 22222
Pune, India

SKILLS

TypeScript
React
Next.js
CSS
Jest
Figma

EDUCATION

Eastern Valley University
B.Tech Information Technology
2022 – 2026
CGPA: 9.18/10

CERTIFICATIONS

Accessible Web Interfaces
April 2026

Modern TypeScript
December 2025

PROFILE

Frontend-focused engineering student interested in accessible, testable user interfaces and performance-conscious web applications.

EXPERIENCE

BlueOrbit Systems — Frontend Intern

January 2026 – April 2026

- Developed reusable React and TypeScript components for an analytics dashboard.
- Added Jest tests for filters and form validation.
- Improved keyboard navigation and semantic labels across core screens.

PixelForge Studio — Web Development Trainee

June 2025 – August 2025

- Converted Figma layouts into responsive pages.
- Maintained CSS modules and fixed mobile layout defects.

PROJECTS

EventNest | Next.js, TypeScript

Built event discovery, category filtering and saved-event views. EventNest belongs only to Mira Sen and uses Next.js, not Node.js.

AccessCheck | React, Jest

Created a small accessibility checklist tool with keyboard-friendly interactions and automated component tests.
